Before Hon Judge Davies.

Nev. 16.—James Horner, a citizen of the city of New Fork, and a taspayer thereof, on behalf of himself and all other witness and taspayers of the said city who may come in and contribute to the expenses of this suit, vs. Fernando Wood, Mayor of the city of New York: Benjamin Wood, of and city; Samuel C. Jollie, Asariah C. Plagg, Comptroller of the City of New York: Andrew V. Stout, Chamberlain and County Treasurer of the said city, and the Board of Suit. md County Treasurer of the said city, and the Board of Su pervisors of the city and county of New York.—The plaintiff in this gun respectfully shows to this Court that he is a il estate in the said city, which is liable to taxation berein, and which is and has been annually assessed and taxed for the maintenance and support of the governer the said city. That he has always paid, and means hereafter to pay his taxes so long as he can endure the same. That he believes that in and by the late Metropolitan Police bill, the Commissioners of Police of said city were charged with the duty of providing ballot boxes for the election districts within the said Metropolitan police district, which district includes the countes of New York, was the and by the said act, by virtue of his office, made one of the said police commissioners. That the said Fernando Wood, as Mayor of the city of New York, was the and by the said act, by virtue of his office, made one of the said police commissioners. That the said Fernando Wood at the time of the passage of the act creating said Police districts, and for a long time thereafter, pronounced the said law unconstitutional and void, and refused to recognize the validity thereof, and also declined and neglected to fact as one of the said commissioners until on or about the twenty-second day of July last, when, as the plaintiff is informed and believes, he first made his appearance and claimed his seat at the Board of said commissioners. The plaintiff on information, and information and belief, makes the following allegations:—That on or about the 8th day of July last, Simeon Draper, then one of the said Board of Police Commissioners, and the President thereof, submitted to the said Board "that this (meaning that Board) having by the act of April 14, 1857, creating the Metropellitan police district, the duty of furnishing all the ballot boxes within the limits of said district imposed on them, it is expedient to advertise for contracts for said boxes in order to select from those offered that kind which shall beet prevent any attempted fraud at the elections," which was adopted and passed, and Messrs. Draper, Nye and Cholwell, three of the commissioners, were appointed a committee to examine such contracts. That no a ein, and which is and has been annually assessed may be taken as a part of this his complaint. That on the fourteenth day of September following James M. Nye, as member of the said Board of Commissioners, and who, this plaintiff believes, was one of the members of the Semintice on Station Houses, reported to the Board that the Committee on Ballot Boxes had made a contract with Sumuel C. Jollie for supplying the requisite number of them for the entire district, not to exceed four thousand, at fifteen dollars a piece, which report was accepted. That on theisgengly-first day of September the said Fermando Wood Curred a resolution at a legal meeting of said Board of Police Commissioners, as follows:—"Resolved, That this Board (meaning the said Board of Police Commissioners) deems itself fully authorized to procure and may for all such supplies, materials, or articles of whatever nature which, under the law for the establishment of the Metropoitan Police districts, approved April 15, 1857, it is incumbent upon this Board to procure," which resolution was adopted, Mr. Nye, Mayors Wood and Pewell and Mr. Cholwell voting in the affirmative, and Messes. Bowen and Stranahan in the negative. That the paper hereto annexed, marked B, is an abstract of the mixtues of said Board of Commissioners, and which he makes part of this his complaint. That in and by said contract the said boxes were to be defluered on or before the 26th day of October, at such place or places as should be directed by the said committee. That this plaintiff has not accertained what directions said committee gave in relation thereto, nor where nor how many of said boxes have been made and delivered; that there was no election held whereby it became necessary to see any of the said boxes, between the time of making the said contract and the last November election, which took place on the third day of Noventheer instant; that James R. Steers, the Supervisor of the Eleventh ward of whe city of New York, at a meeting of the Board of Supervisors of the cliv and county of New York held on the 19th day of Oc wards by a paper writing dated the 25th day of October last, directed to the Beard of Metropolitan Police Commissioners, the said Jollie gave notice that he had fully completed the manufacture of the glass ballot boxes named in the said contract of the 12th August last, and thereby tendered the balance thereof, not theretofore delivered; and also, that in case the said ballot boxes were not received by them, that they would be stored on their account and at their risk and expense, a copy of which notice is amnexed, marked B. That the said Mayor, Fernando Wood, on the Iwenty first day of October thereafter, approved thereof; that the Comptroller of the city refused to draw his warrant in obedience to the mandate of said resolution, whereupon the said Samuel C. Jollie made an application to the Supreme Court for a mandamus to compel the said Metropolism Police Commissioner, to obey the mandate of said resolution. That said motion on agurment before one of the Justices of the Supreme Court, was denied on the ground that the said Metropolitan Police Commissioners, nor the city of New York, were liable under the said contract, but that the same, if recoverable, was a county charge and must be andited by the Board of Supervisors. That is appears by a printed copy of the proceedings of the Board of Supervisors, that on the 9th day of November astant, Thomas McSpedon, the Supervisor of the Nineenth ward of the city of New York, presented, at a meeting of the said Board of Supervisors, a resolution, of which the following is a copy:—

Eappoars by a printed copy of the proceedings of the Board of Supervisors, that on the bith day of November netant, Thomas McSpedon, the Supervisors of the Nine-eenth ward of the city of New York, presented, at a meeting of the said Board of Supervisors, a resolution, of which the following is a copy—
Resolved, That the City Chamberlain be, and he is hereby authorized, empowered and directed to pay Samuel C. Jodie, his representatives, assigns or order, on the presentation of a certified copy of this resolution, the amount to be paid by the contract of said Jollie with the Board of Police for the Metropolitan Police District, for the mannfacture and delivery by said Jollie of four thousand ballot boxes, which have been provided for said Board, under and by virtue of section twenty-ene of the act of the Legislature of the State of New York, entitled "An Act to establish a Metropolitan Police District, and to provide for the envernment thereof," which, on andion of William Wilson, the Supervisor of the First ward, was referred to a special commutee, consisting of the Supervisors of the First ward, was referred to a special commute. Consisting of the Supervisors of the First ward, was referred to a special commutee. Consisting of the Supervisors of the First ward, was referred to the supervisors of the several counties under the duty of the Supervisors of the several counties under the direction of the said Board of Police Commissioners to provide the nuccessary bailot boxes for their respective counties—but he has been informed, and believes it to be true, that there are one hundred and seventy-four election districts in the city and county of New York, for which it is necessary to provide which the said contract, but by whom furnished and delivered he cannot posterioly state to have been ordered by and under the said contract, that the bailot boxes used at the last election in this county were of the description stated in the said contract, when the said Jollie was the patently work of the said contract, and the

lution effered in the Board of Supervisors on the 9th day of November he has reason to, and does, believe that the said Joline has sold ar transfurred in some way, by assign ment or otherwise, all his pretended interest under the said contract either to the said Fernando Wood or Benjamin Wood, one or both of them, or to some other person for their benefit, or the benefit of one of them, and that the same has been so done with a view of covering up in some way the said fraudulent transaction. The planning further alleges that the said centract was a frautient one; that the said centract was a frautient one; that the said person to the said centract was a frautient one; that the said person to the said contract was made that the said boxes, equal in every respect, could have been procured to be made for about one third of the prices a med therefor—Jollie had no patent therefor, and was not entitled to any; and that the said injuried the prices a med therefor—Jollie had no patent therefor, and was not entitled to any; and that the said spention was not patentable by the said Jollie; that the said spention was not patentable by the said Jollie; that the said spention was not patentable by the said Jollie; that the said spention was not patentable by the said Jollie; that the said spention was not patentable by the said Jollie; that the said spention was not patentable by the said Jollie; that the said series and transaction, and that his name was purposely concealed to prevent a discovery of the said foraud. That allowing five dollars appece for said boxes, and that four thousand were wanted, the amount would be but \$20,000, whereas at \$15 a piece the sum of \$60,000 is to be taken out of the city reasons a series of the said city. The plaintiff and all other taxpayers of the said city. The plaintiff therefore prays that the said courtact, for the fraud herein alleged, may be set aside and held for naught, and that the said end of the said courtage, and the said city.
